PROFESSIONAL
WOMEN
IN BUILDING
ATLANTA CHAPTER
EDUCATE. EMPOWER. CONNECT.

Who Are We?

Professional Women in Building members work in all aspects of the building industry – as owners, builders, remodelers, architects, suppliers, marketing experts, designers and in finance and real estate. We are a strong and diverse network making advancements for women working in the building industry.

About 47% of privately-owned U.S. firms have women as the majority owner or equal partner – and about 885,000 of these firms are in the construction industry. CONSTRUCTION is also one of the industries with the FASTEST GROWTH in women-owned businesses.*
